DESIGNING

We have used figma website to create the clickable wireframes.on the basis of feedback from others we have made changes to visual design

The designing phase consist of making the sequence diagram and class diagram.

These models helped in creating the clickable wireframes.

CHALLENGES

From a guest's perspective, using rare roofs website can be an exciting and rewarding experience, as it offers the opportunity to explore new places and have unique travel experiences

From a host's perspective, using rare roofs website can be a great way to earn extra income and meet new people from around the world

Building trust between guests and hosts is crucial for the success of a website

IMPLEMENTATION

THANK YOU
